- Search Awareness
- Incidents and Dilemmas
- Communication and Conflict Management Skills

## Feedback from recent courses

### Desmond L (After Week One)

My expectations of the CP course was quite high, and David Rubens Associates has definitely delivered beyond my expectations already. The team is made up of seven men and one woman, a very focussed and professional group, from different backgrounds and countries. Week One was a whole lot of information! The simplest way of describing it is to say that it was a complete retraining of your mind to a different way of looking at security issues and practices. It was enlightening and a wake-up call to what is expected of you as a Close Protection Officer

### Michael O.

This course has been a real eye-opener and a great experience. The real fun began when we were given real-life scenarios and sent out into the real world to carry out the mission. It really rammed home the importance of team work and making sure that everyone knew their role within the team. I recommend this course to anyone who is thinking of doing a CP course.

### Charles B.

The additional knowledge we were provided over the two weeks of the course was excellent and far beyond what I had expected to achieve. All of the aspects of professional CPO roles and activities were covered, but the revelation for me was the realisation (through instruction) of all the other things that went into being an effective CPO beyond mere protection. We were not just being given the skills required to be a CPO, but to take it beyond the obvious and into the special.

### Andre M

Absolutely fantastic course. Unparalleled professional development and I would recommend this course to anyone.

### Course Application:

In order to enrol you onto one of our security training programmes, we will need a completed registration form, one proof of ID, two proofs of address and two photographs. Your place will then be reserved on receipt of all the completed paperwork, and full payment. Please send or bring these to our main office at your earliest convenience, we will then be able to confirm your booking.

**Training Fees:** Includes all training and course fees, as well as Edexcel Registration fee.

**Personal costs:** Participants will be responsible for their own meals and incidental costs such as travel and the use of your mobile phone (make sure your mobile is topped up if you use pay as you go service).

**Trainers:** All of DRA's CP trainers are highly experienced both in operations and in CP training. Most come from a military/police background, and many serving with elite units from around the world.

**2-Week Close Protection: £1,200.00 + VAT**
